Appointments Committee

The Appointment Committee's remit is set out in General Synod's Standing Order 126: 'to make such appointments and/or recommendations on appointments to synodical and other bodies as the Synod or the Archbishops' Council shall require.' There are a number of bodies that the Committee appoint to and further details can be found [here](#).

The Committee has set out the way it approaches its work in a [set of guidelines](#) which it considers represent best practice when making appointments within its remit and it commends them to others in Church as an input - suitably adapted - into their own processes when making appointments. The process which is followed for appointments is [here](#). It is particularly determined to ensure that their decisions reflect the aspiration of becoming a younger and more diverse church.
