

Clergy Retirement Housing Options Online Tool - beta version

This tool is designed to help you explore the range of retirement housing options that may be open to you.

We will ask some questions about your personal circumstances to understand more about you and your retirement plans. Then, based on your responses, we will show you various options that might suit you within the Church and with other providers.

This tool, therefore, gives you a starting point from which you can make enquiries and plan your retirement housing. We strongly encourage you to look at all your options as early as possible. Within the Church, we can accept applications up to 5 years before your retirement.

To note:

While we have taken care to ensure the information we provide through this tool is as accurate as possible, this simply is guidance about options that may be open to you. This does not replace financial advice that you can seek from professional bodies.

The information you entered into this tool is not stored by us. We cannot identify you from your answers. You can use this tool for as many times as you want. At the 'results' page, you may want to keep a record of the options using the 'print' function of your browser.

This tool is very new and still being developed, so please give us feedback and tell us how we could make it more useful to you. Please send your thoughts to cepbfeedback@churchofengland.org.

Let's get started
